## INDEPENDENT AUDITOR'S REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE BOARD OF DIRECTORS OF QATAR FIRST BANK L.L.C. (PUBLIC)

### Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Qatar First Bank L.L.C. (Public) ("the Bank") and its subsidiaries (collectively "the Group") as at 30 June 2022, comprising of the interim consolidated statement of financial position as at 30 June 2022 and the related interim consolidated statement of income, interim consolidated statement of changes in equity and interim consolidated statement of cash flows for the three months and six months period then ended, and the related explanatory notes.

The Board of Directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with Financial Accounting Standards ("FAS") issued by the Accounting and Auditing Organisation for Islamic Financial Institutions ("AAOIFI") as modified by the Qatar Financial Centre Regulatory Authority ("QFCRA"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### Scope of review

We conducted our review in accordance with International Standards on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with FAS issued by the AAOIFI as modified by QFCRA.

## 2. BASIS OF PREPARATION

The interim condensed consolidated financial statements of the Group have been prepared in accordance with Financial Accounting Standards ("FAS") issued by the Accounting and Auditing Organisation for Islamic Financial Institutions ("AAOIFI"), as amended by applicable provisions of QFCRA regulations. In line with the requirements of AAOIFI, for matters that are not covered by FAS, the Group uses the guidance from the relevant International Financial Reporting Standards ("IFRSs") as issued by the International Accounting Standards Board ("IASB"). Accordingly, the interim condensed consolidated financial statements have been prepared in accordance with the guidance provided by International Accounting Standard 34 - 'Interim Financial Reporting'.

The interim condensed consolidated financial statements do not contain all information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2021. In addition, results for the six-month period ended 30 June 2022 are not necessarily indicative of results that may be expected for the financial year ending 31 December 2022.

The interim condensed consolidated financial statements have been prepared under the historical cost convention except for valuation of equity investments, investments in real estate and Sharia-compliant-risk management instruments, which are carried at fair value.

The interim condensed consolidated financial statements are presented in Qatari Riyals ("QAR"), which is the Bank's functional and presentational currency, and all values are rounded to the nearest QAR thousand except when otherwise indicated.

### Judgements and estimates

The preparation of the interim condensed consolidated financial statements in conformity with FAS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty are consistent with those applied to the annual consolidated financial statements as at 31 December 2021.

## 3. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those used in the preparation of the consolidated financial statements for the year ended 31 December 2021.

Set out below are the accounting policies adopted and applied in the current period:

### 3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### 3.1. New standards, amendments and interpretations

##### 3.1.1. *New accounting standards, amendments and interpretations that are issued and effective from 1 January 2022*

- *FAS 37 - Financial Reporting by Waqf Institutions*

The objective of this standard is to establish principles of financial reporting for Waqf institutions, which are established and operate in line with Shari'a principles and rules. This standard shall be applicable on all types of Waqf institutions and other institutions constituted on the concept of Waqf, and operating in line with Shari'a principles and rules, irrespective of their legal status, including virtual Waqf institutions.

Since the Group does not have any current waqf activities, there is no impact of this standard to the financials statements of the Group.

- *FAS 38 - Wa'ad, Khiyar and Tahawwut*

AAOIFI has issued FAS 38 in 2020. The objective of this standard is to prescribe the accounting and reporting principles for recognition, measurement and disclosure in relation to Shari'ah compliant Wa'ad (promise), Khiyar (option) and Tahawwut (hedging) arrangements for Islamic financial institutions.

##### 3.1.2. *New standards, amendments and interpretations issued but not yet effective and not early adopted*

- *FAS 1 (Revised 2021) - General Presentation and Disclosures in the Financial Statements*

AAOIFI has issued revised FAS 1 in 2021. The revised FAS 1 supersedes the earlier FAS 1 General Presentation and Disclosures in the Financial Statements of Islamic Banks and Financial Institutions and introduces the concepts of quasi-equity, off-balance-sheet assets under management and other comprehensive income to enhance the information provided to the users of the financial statements. This standard shall be effective for the financial periods beginning on or after 1 January 2023 with early adoption permitted. The Group is currently evaluating the impact of the above standards.

- *FAS 39 - Financial Reporting for Zakah*

AAOIFI has issued FAS 39 in 2021. This standard improves upon and supersedes FAS 9 on "Zakah" and aims at setting out the accounting treatment of Zakah in the books of the institutions, including the presentation and disclosure by an Islamic financial institution. **8.1 Assets and liabilities of disposal groups classified as held-for-sale****8.1.1 Assets and liabilities of Real Estate Structure**

As part of its business, the Bank from time to time enters various structures to invest indirectly in real estate properties using special purpose vehicles ("SPV") with an intention to sell substantial part of it to investors. Until the Bank ceases its control over those SPVs, they are consolidated by the Bank as a result of application of the accounting consolidation rules under Financial Accounting Standard 23 whereby an entity needs to consolidate an SPV based on economic substance despite the fact that the SPV is not legally owned by and not legally related to the Bank. The financings of these SPVs related to the real estate property have no recourse to the Bank.

**a) US Real Estate Structures**

The Bank entered into various structures to invest in real estate within United States of America: (i) In 2019, the Bank entered a structure to invest in real estate within United States of America and indirectly acquired 97% in real estate property (the "Fair view") and (ii) during June 2022 to acquire 99.87% stake in real estate property (the "Gateway Plaza Building") (altogether referred as "US Real Estate Structures"). These US real estate properties thereafter are leased under Ijarah terms.

**b) UK Real Estate Structures**

In 2017, the Bank entered a structure to invest indirectly to acquire 100% in real estate property in the United Kingdom (the "UK Real Estate Structure"). The real estate was financed partly by the Bank through a Murabaha contract with an option to acquire the underlying real estate. As of 30 June 2022, the Bank sold a 71% stake out of 100% in the UK Real Estate Structure to its investors.

As at 30 June 2022, the Bank sold a 51.72% stake out of 99.87% in the Gateway Plaza to its investor. The Bank is currently in the process of marketing the remaining US and UK Real Estate structure; therefore, the related assets and liabilities of such structures have been presented as part of assets and liabilities held-for-sale. The total of assets and liabilities held for sale in the consolidated financial assets are QAR 536.8 million and QAR 237.8 million, respectively.

## 18. POTENTIAL IMPACT OF ECONOMIC UNCERTAINTY

The coronavirus ("COVID-19") pandemic has spread across various geographies globally, causing disruption to business and economic activities. COVID-19 has brought about uncertainties in the global economic environment. The Bank is closely monitoring the situation and has activated its business continuity planning and other risk management practices to manage the potential business disruption COVID-19 outbreak may have on its operations and financial performance. The impact of outbreak may have on its operations and financial performance is being continually assessed. The Central Banks and Sovereign Governments have announced monetary and fiscal measures to mitigate the possible adverse implications.

The Group has considered the potential impacts of COVID 19, factored the Fiscal and Monetary support available, credit strength of the borrowers, current economic disruptions in determining ECL requirements. In management's best assessment, risks are sufficiently covered at this point in time. This volatility has been reflected through updating the macro-economic factors, adjusting the method of scenario construction and the underlying weightages assigned to these scenarios.

The weightings assigned to each macro-economic scenario at the Bank level are based on the CCI, and as of 30 June 2022, were 65% to the Base Case, 30% to Downside and 5% to the Upside Case (As at 30 June and 31 December 2021, were 30% to the Base Case, 65% to Downside and 5% to the Upside Case). The situation is evolving and accordingly any upside or downside scenarios will be reassessed should the conditions significantly change.

The Group also has considered the potential impacts of COVID 19 to its equity investments revisiting the underlying assumptions used in determining the fair values. The management will continuously monitor the ongoing situation as markets remain volatile and the recorded amounts may remain sensitive to market fluctuations.
